Financial Statements
For the year ended 31 December
2009

Auditors' Report to the Members

We have audited the annexed balance sheet of **Tameer Micro Finance Bank Limited** (the Bank) as at 31 December 2009 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof (here-in-after referred to as the 'financial statements') for the year then ended, in which are incorporated the unaudited branches except for twelve branches which have been audited by us and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Bank's Board of Directors to establish and maintain a system of internal control, and prepare and present the financial statements in conformity with the approved accounting standards, the requirements of the Companies Ordinance, 1984 and the Microfinance Institutions Ordinance, 2001. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the International Standards on Auditing as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- a) in our opinion, proper books of account have been kept by the Bank as required by the Companies Ordinance, 1984;
- b) in our opinion:
 - i) the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984 and the Microfinance Institutions Ordinance, 2001 and are in agreement with the books of account and are further in accordance with accounting policies consistently applied except for the changes described in note 7 with which we concur;
 - ii) the expenditure incurred during the year was for the purpose of the Bank's business; and
 - iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Bank, and the transactions of the Bank which have come to our notice have been within the powers of the Bank;

- c) in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and give the information required by the Companies Ordinance, 1984 and the Microfinance Institutions Ordinance, 2001, in the manner so required and respectively give a true and fair view of the state of the Bank's affairs as at 31 December 2009 and of the loss, its cash flows and changes in equity for the year then ended; and
- d) in our opinion Zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Bank and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

Tameer Micro Finance Bank Limited

Notes to the Financial Statements

For the year ended 31 December 2009

1. STATUS AND NATURE OF BUSINESS

Tameer Micro Finance Bank Limited "the Bank" was incorporated in Pakistan on 01 August 2005 as a public limited company under the Companies Ordinance, 1984. The Bank received license from the State Bank of Pakistan on 05 August 2005. The Bank is a subsidiary of Telenor Pakistan (Private) Limited (which acquired 51% stake on 4th December 2008). The Bank received its certificate of commencement of business from Securities and Exchange Commission of Pakistan on 05 September 2005.

The Bank's principal business is to provide micro finance banking and related services to the poor and underserved segment of the society with a view to alleviate poverty under the Microfinance Institution Ordinance, 2001. The Bank operates 39 branches (2008: 29 branches) and is licensed to operate on a nation wide basis. The Bank's registered and principal office is situated at 15-A, Block 7 & 8, KCHS, Union, Karachi. In July 2009. The Bank also started Branchless Banking services with Telenor Paksitan as its Agent under license from State Bank of Pakistan.

2. BASIS OF PRESENTATION

These financial statements have been presented in accordance with the BSD Circular No. 11 dated 30 December 2003 issued by the State Bank of Pakistan.

3. STATEMENT OF COMPLIANCE

- 3.1 These financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984, the Micro finance Institution Ordinance, 2001, the Prudential Regulations for Microfinance Banks / Institutions and the directives issued by the Securities and Exchange Commission of Pakistan (SECP) and the State Bank of Pakistan (SBP). In case the requirements differ, the provisions of and directives issued under the Companies Ordinance, 1984, the Micro finance Institution Ordinance, 2001, the Prudential Regulations for Microfinance Bank / Institutions, and the directives issued by the Securities and Exchange Commission of Pakistan and the State Bank of Pakistan shall prevail.

SBP has clarified that International Accounting Standard 39, Financial Instruments: Recognition and Measurement (IAS 39) and International Accounting Standard 40, Investment Property (IAS 40) are not applicable on the Bank. Accordingly, the requirements of these standards have not been considered in the preparation of these financial statements. The investments have been classified in accordance with the categories prescribed by the State Bank of Pakistan through various circulars.

KPMGTN

3.2 Standards, Interpretations and Amendments to Published Approved Accounting standards that are not yet effective:

The following standards, amendments and interpretations of approved accounting standards will be effective for accounting periods beginning on or after 1 January 2010. These standards are either not relevant to the Bank's operations or are not expected to have a significant impact on the Bank's financial statements other than increase in disclosures in certain cases:

- Revised IFRS 3 - Business Combinations (applicable for annual periods beginning on or after 1 July 2009) broadens among other things the definition of business resulting in more acquisitions being treated as business combinations, contingent consideration to be measured at fair value, transaction costs other than share and debt issue costs to be expensed, any pre-existing interest in an acquiree to be measured at fair value, with the related gain or loss recognised in profit or loss and any non-controlling (minority) interest to be measured at either fair value, or at its proportionate interest in the identifiable assets and liabilities of an acquiree, on a transaction-by-transaction basis.
- Amended IAS 27 - Consolidated and Separate Financial Statements (effective for annual periods beginning on or after 1 July 2009) requires accounting for changes in ownership interest by the group in a subsidiary, while maintaining control, to be recognized as an equity transaction. When the group loses control of subsidiary, any interest retained in the former subsidiary will be measured at fair value with the gain or loss recognized in the profit or loss.
- IFRIC 15 - Agreement for the Construction of Real Estate (effective for annual periods beginning on or after 1 October 2009) clarifies the recognition of revenue by real estate developers for sale of units, such as apartments or houses, 'off-plan', that is, before construction is complete.
- Amendments to IAS 39 - Financial Instruments: Recognition and Measurement – Eligible hedged Items (effective for annual periods beginning on or after 1 July 2009) clarifies the application of existing principles that determine whether specific risks or portions of cash flows are eligible for designation in a hedging relationship.
- IFRIC – 17 - Distributions of Non-cash Assets to Owners (effective for annual periods beginning on or after 1 July 2009) states that when an entity distribute non cash assets to its shareholders as dividend, the liability for the dividend is measured at fair value. If there are subsequent changes in the fair value before the liability is discharged, this is recognised in equity. When the non-cash asset is distributed, the difference between the carrying amount and fair value is recognised in the income statement.

KPMG/TU

The International Accounting Standards Board made certain amendments to existing standards as part of its Second annual improvements project. The effective dates for these amendments vary by standard and most will be applicable to the Bank's 2010 financial statements.

- Amendment to IFRS 2 - Share-based Payment – Cash-settled Share-based Payment Transactions (effective for annual periods beginning on or after 1 January 2010). Currently effective IFRSs require attribution of share-based payment transactions only if they are equity-settled. The amendments resolve diversity in practice regarding attribution of cash-settled share-based payment transactions and require an entity receiving goods or services in either an equity-settled or a cash-settled payment transaction to account for the transaction in its separate or individual financial statements.
- Amendment to IAS 32 - Financial Instruments: Presentation – Classification of Rights Issues (effective for annual periods beginning on or after 1 February 2010). The IASB amended IAS 32 to allow rights, options or warrants to acquire a fixed number of the entity's own equity instruments for a fixed amount of any currency to be classified as equity instruments provided the entity offers the rights, options or warrants pro rata to all of its existing owners of the same class of its own non-derivative equity instruments.
- IFRIC 19 - Extinguishing Financial Liabilities with Equity Instruments (effective for annual periods beginning on or after 1 July 2010). This interpretation provides guidance on the accounting for debt for equity swaps.
- IAS 24 - Related Party Disclosures (revised 2009) – effective for annual periods beginning on or after 1 January 2011. The revision amends the definition of a related party and modifies certain related party disclosure requirements for government-related entities. The amendment would result in certain changes in disclosures.
- Amendments to IFRIC 14 IAS 19 - The Limit on a Defined Benefit Assets, Minimum Funding Requirements and their Interaction (effective for annual periods beginning on or after 1 January 2011). These amendments remove unintended consequences arising from the treatment of prepayments where there is a minimum funding requirement. These amendments result in prepayments of contributions in certain circumstances being recognised as an asset rather than an expense. This amendment is not likely to have any impact on Bank's financial statements.
- Amendments to IFRS 5 - Non-current Assets Held for Sale and Discontinued Operations – (effective for annual periods beginning on or after 1 July 2009). The amendments specify that if an entity is committed to a plan to sell a subsidiary, then it would classify all of that subsidiary's assets and liabilities as held for sale when the held for sale criteria in IFRS 5 are met. This applies regardless of the entity retaining an interest (other than control) in the subsidiary; and disclosures for discontinued operations are required by the parent when a subsidiary meets the definition of a discontinued operation. This amendment is not likely to have any impact on Bank's and its subsidiary's financial statements.

4. BASIS OF MEASUREMENT

These financial statements have been prepared under historical cost convention except for the following;

- Derivative financial instruments are measured at fair value; and
- Investments classified as available for sale are also measured at fair values

5. FUNCTIONAL AND PRESENTATION CURRENCY

These financial statements have been presented in Pakistani Rupee, which is the Bank's functional and presentation currency. The figures have been rounded off to nearest thousand Rupees unless stated otherwise.

6. USE OF ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements made by management that have significant effect on the financial statements and estimates with a significant risk of material adjustment in the next year are discussed in note 38.

7. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted in the preparation of these financial statements are the same as those applied in the preparation of financial statements of the Bank for the year ended 31 December 2008 (except for the change mentioned below) and are enumerated as follows:

Change in accounting policy

Starting 1 January 2009, the Bank has changed its accounting policies in the following areas:

KPM&TH

IAS 1 (Revised) 'Presentation of Financial Statements' (effective for annual periods beginning on or after 1 January 2009) – The revised standard prohibits the presentation of items of income and expenses (that is, 'non-owner changes in equity') in the statement of changes in equity, requiring 'non-owner changes in equity' to be presented separately from owner changes in equity in a statement of comprehensive income. Further, under revised standard, an entity may present the components of profit or loss either as part of a single statement of comprehensive income or in a separate income statement. The Bank has opted to present the components of profit or loss in a separate statement while a statement of comprehensive income is presented separately as permitted under revised IAS 1. As deficit on revaluation of assets does not form part of the equity of the Bank under the local laws and is presented below the equity in the balance sheet, accordingly changes in equity arising from deficit on revaluation of assets have not been considered part of comprehensive income.

Comparative information has been re-presented so that it is in conformity with the revised / new standards. Since the changes in accounting policies only affect presentation of financial statements, there is no impact on loss per share.

7.1 Financial assets and liabilities

The Bank initially recognises financial assets and liabilities on the date at which they are originated.

Financial assets are derecognised when the contractual rights to the cash flows from the asset expire or are transferred. The Bank also enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or part of the risks and rewards of the transferred assets. If all or substantially all risks and rewards are retained, then the transferred assets are not derecognised from the balance sheet.

Financial liabilities are derecognised when the contractual obligations expire, or discharged or cancelled.

7.2 Cash and cash equivalents

For the purpose of cash flow statement, cash and cash equivalents comprises of cash in hand, balances with the State Bank of Pakistan and National Bank of Pakistan, balances held with other banks in current and deposit accounts with maturity of less than three months.

7.3 Investments

Investment in securities are classified as follows;

a) Held for trading

These represent securities, which are either acquired for the purpose of generating profit from short-term fluctuations in prices or dealer's margin or are securities included in the portfolio in which a pattern of short-term profit making exists.

KPMGTH

b) Held-to-maturity

These are securities with fixed or determinable payments and fixed maturity that the Bank has the positive intent and ability to hold till maturity.

c) Available-for-sale

These are investments which may be sold in response to need for liquidity or change in interest rates or equity prices. Premium or discount on acquisition of available-for-sale investment is amortized through profit and loss account over the remaining period till maturity.

Investments other than those categorised as held for trading includes transaction costs associated with the investments. In case of investments classified as held for trading, transaction costs are expensed in the profit and loss account.

All purchase and sale of investments that require delivery within the time frame established by regulation or market convention are recognised at the trade date, which is the date the Bank commits to purchase or sell the investment.

Provision for impairment in the value of equity securities is made after considering objective evidence of impairment. Provision for diminution in the value of debt securities is made as per the Prudential Regulation issued by the State Bank of Pakistan.

The surplus / (deficit) arising as a result of revaluation at market value on held for trading portfolio is taken to profit and loss account.

The surplus / (deficit) arising on revaluation of available-for-sale is kept in "Surplus / (deficit) on Revaluation of Assets" and is shown in the balance sheet below equity. The surplus / (deficit) arising on these securities is taken to the profit and loss account when actually realised upon disposal.

7.4 Advances

Advances are stated net of specific and general provisions. Specific provision against advances is determined on the basis of Prudential Regulations and other directives issued by the State Bank of Pakistan and charged to the profit and loss account. General provision against advances is made in accordance with the requirements of the Prudential Regulations issued by the State Bank of Pakistan. Advances are written off according to the Prudential Regulations issued by the State Bank of Pakistan or when there is no realistic prospect of recovery.

7.5 Operating fixed assets

Owned

Items of property and equipment are stated at cost less accumulated depreciation and impairment losses (if any).

Capital work-in-progress is stated at cost less impairment loss (if any).

KPMGTH

When parts of an item of property and equipment have different useful lives, they are accounted for as separate items of property and equipment.

Cost include expenditure that is directly attributable to the acquisition of items.

Subsequent costs

The Bank recognises in the carrying amount of an item of property and equipment the cost of replacing part of such an item when that cost is incurred and if it is probable that the future economic benefits embodied with the item will flow to the Bank and the cost of the item can be measured reliably. Maintenance and normal repairs are charged to income as and when incurred.

Assets subject to finance lease

Leases in terms of which the Bank assumes substantially all the risks and rewards of ownership are classified as assets subject to finance lease. These are stated at amounts equal to the lower of their fair value and the present value of minimum lease payments at inception of the lease, less accumulated depreciation and impairment losses (if any). Financial charges are allocated over the period of the lease term so as to provide a constant periodic rate of financial charge on the outstanding liability. The outstanding obligations under the lease agreements are shown as a liability net of finance charges allocable to future periods.

Depreciation

Depreciation on property and equipment (owned and leased assets) is charged to income using the straight-line basis over the estimated useful lives of each part of property and equipment (owned and leased assets) at the rates given in note 12.2 A full month's depreciation is charged in the month of addition and no depreciation is charged for the month in which the disposal is made. The assets' residual value, depreciation method and useful lives are reviewed and adjusted (if appropriate) at each balance sheet date.

Intangibles

Intangible assets with a definite useful life are stated at cost less accumulated amortisation and accumulated impairment losses (if any). Intangible assets are amortised from the month, when these assets are available for use, using the straight-line method, whereby the cost of the intangible asset is amortised on the basis of the estimated useful life over which economic benefits are expected to flow to the Bank. The residual value, useful life and amortisation method is reviewed and adjusted, if appropriate, at each balance sheet date.

Others

The assets' residual value and useful lives are reviewed and adjusted (if appropriate) at the balance sheet date.

Gains and losses on disposal of assets are determined by comparing the sale proceeds with the carrying amount. These are included in the profit and loss account.

KPMGTH

7.6 Provisions

Provisions are recognised when the Bank has a legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

7.7 Impairment

The carrying amount of the Bank's assets (other than deferred tax asset) are reviewed at each balance sheet date to determine whether there is any indication of impairment. If such indication exists, the recoverable amount of the relevant asset is estimated. An impairment loss is recognized in profit and loss account whenever the carrying amount of an asset exceeds its recoverable amount.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss is reversed if the reversal can be objectively related to an event occurring after the impairment loss was recognized.

7.8 Taxation

Income tax on the profit or loss for the year comprises of current and deferred tax. Income tax is recognised in the profit and loss account, except to the extent that it relates to items recognised directly in equity or below equity, in which case it is recognised in equity or below equity.

Current taxation

Provision for current taxation is based on the taxable income for the year determined in accordance with the Income Tax Ordinance 2001. The charge for current tax is calculated using tax rates enacted or substantively enacted at the balance sheet date after taking into account available tax credits and rebates, if any. The charge for current tax includes adjustments to charge for prior years, if any.

Deferred taxation

Deferred tax is recognised using the balance sheet method on all temporary differences arising between tax base of assets and liabilities and their carrying amounts appearing in the financial statements. No deferred tax is provided on the initial recognition of assets and liabilities that affect neither accounting nor taxable profits.

A deferred tax asset is recognised only to the extent it is probable that future taxable profits will be available against which the assets can be utilised. Deferred tax assets are reviewed at each balance sheet date and are reduced to the extent that it is no longer probable that the related tax benefits will be realised.

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted at the balance sheet date.

7.9 Staff retirement benefits

Defined benefit plan

The Bank operates a funded gratuity scheme for all its eligible permanent and contractual employees. 'Projected unit credit method' has been used for actuarial valuation. Actuarial gains or losses in excess of 10% of the actuarial liability or plan assets are recognised over the expected average working life of the employees.

Defined contribution plan

The Bank also operates a recognised provident fund scheme for its employees. Equal monthly contributions are made, both by the company and the employees, to the fund at the rate of 10% of the basic salary.

7.10 Revenue recognition

Mark-up / return on investments is recognised on time proportion basis using effective interest method. Where debt securities are purchased at premium or discount, those premiums / discounts are amortised through the profit and loss account over the remaining period of maturity.

Mark-up / return on advances are recognised on a time proportion basis using effective interest method.

Income from interbank deposits in saving accounts are recognised in the profit and loss account as it accrues using the effective interest method.

The effective interest rate is the rate that exactly discounts the estimated future cash payments and receipts through the expected life of the financial asset or liability (or, where appropriate, a shorter period) to the carrying amount of the financial asset or liability. The effective interest rate is established on initial recognition of the financial asset and liability and is not revised subsequently.

Fee, commission and brokerage income is recognised when earned.

Interest or mark-up recoverable on non-performing advances is recognised on a receipt basis in accordance with the requirements of the Prudential Regulations.

Commission earned from branchless banking (Easy paisa) is recognised on receipt basis.

7.11 Foreign currency transactions

Foreign currency transactions are translated into the Pakistani Rupee using the foreign exchange rates prevailing at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit and loss account.

7.12 Grant

The grant related to an asset is recognised in the balance sheet initially as deferred income when there is reasonable assurance that it will be received and that the Bank will comply with the conditions attached to it. Grants that compensate the Bank for expenses incurred are recognised as revenue in the profit and loss account on a systematic basis in the same periods in which the expenses are incurred. Grants that compensate the Bank for the cost of an asset are recognised in the profit and loss account as other operating income on a systematic basis over the useful life of the asset.

7.13 Off setting

Financial assets and financial liabilities are only set-off and the net amount is reported in the financial statements when there is a legally enforceable right to set-off the recognised amounts and the Bank intends to either settle on a net basis, or to realise the asset and settle the liability simultaneously.

Income and expenses are presented on a net basis only when permitted by the approved accounting standards, or for gains and losses arising from a group of similar transactions.

7.14 Derivative financial instrument

Derivative financial instruments are initially recognised at fair value on the date on which the derivative contract is entered into and are subsequently re-measured at fair value using appropriate valuation techniques. All derivative financial instruments are carried as assets when fair value is positive and liabilities when fair value is negative. Any change in the fair value of derivative financial instruments is taken to the profit and loss account.

7.15 Deposits

Deposits are initially recorded at the amount of proceeds received. Mark-up accrued on deposits is recognised separately as part of other liabilities, and is charged to the profit and loss account over the period.

8. CASH AND BALANCES WITH SBP AND NBP	Note	2009	2008
		(Rupees in '000)	
Cash in hand		90,032	40,152
Balance with State Bank of Pakistan (SBP)		35,697	7,704

KPMGT

11.1 Particulars of non-performing advances

Advances include Rs. 18.412 million (2008: Rs. 12.028 million) which, as detailed below, have been placed under non-performing status:

Note	2009			2008		
	Amount outstanding	Provision required	Provision held	Amount outstanding	Provision required	Provision held
	------(Rupees in '000)-----			------(Rupees in '000)-----		
OAEM (other assets especially mentioned)	11.1.1	10,611	-	-	-	-
Substandard	11.1.1	2,977	744	6,410	1,602	1,602
Doubtful		4,037	2,019	4,436	2,218	2,218
Loss		787	787	1,182	1,182	1,182
Total		<u>18,412</u>	<u>3,550</u>	<u>12,028</u>	<u>5,002</u>	<u>5,002</u>

11.1.1 During the year, the State Bank of Pakistan vide their circular no. 2 of 2009 dated 27 August 2009 has introduced an additional new classification OAEM (other assets especially mentioned) in Prudential Regulation applicable on microfinance banks for classification of non-performing loans which are overdue by 30-59 days. Previously non-performing loans in this category were classified as substandard and a provision of 25% was being maintained against them. Due to the said changes, provision against non-performing loans and loss after tax for the year ended 31 December 2009 is lower by Rs. 2.65 million.

11.2 Particulars of provision against non-performing advances

2009 2008
(Rupees in '000)

Cross currency swap	<u>10,475</u>	<u>12,148</u>
---------------------	---------------	---------------

17.2.1 On 29 December 2006 the Bank has entered into a cross currency Swap arrangement with Citibank NA, covering the loan facility of USD 3.7 million availed from International Finance Corporation (IFC). The Bank has swapped all future USD cash flows related to IFC loan agreement with PKR cash flows. Under the swap arrangement Bank will receive the bi - annual USD interest payment payable to IFC under the said loan agreement at the relevant LIBOR rate + 3% per annum from Citibank, against which Bank will pay Citibank in PKR, an amount equal to the relevant KIBOR rate + 3.65% per annum. The Bank is assured of agreed rate for its future purchase of USD from Citibank for all future USD denominated principal repayments under the said loan agreement. This swap arrangement will expire on 15 January 2012.

KPMGTH

18. DEFINED BENEFIT PLAN

18.1 General description

The Bank operates an approved funded gratuity fund for all employees, who have completed minimum qualifying period of service. Contributions to the fund are made in accordance with the rules of the fund. The benefit is equal to one month's last drawn basic salary for each year of eligible service or part thereof, subject to a minimum of three years of service.

18.2 Principal actuarial assumptions

The latest actuarial valuation of the Bank's defined benefit plan based on Projected Unit Credit Actuarial Cost Method was carried out as at 31 December, 2009. Following are the significant assumptions used in the valuation:

	2009	2008
	(% per annum)	
- Discount factor rate	14	15
- Salary increase rate	14	15
- Expected rate of return on plan assets	14	15

27. TAXATION	<i>Note</i>	2009	2008
		(Rupees in '000)	
Current		<u>(2,543)</u>	<u>-</u>

27.1 Section 113 of the Income Tax Ordinance, 2001 provide levy of minimum tax where due to losses / exemption etc. no tax is payable. This section had been deleted through Finance Act, 2008-09, therefore, minimum tax was not applicable for tax year 2009 (accounting year ended 31 December 2008). However, the same has now been levied again through the Finance Act, 2009-2010.

27.2 Net deferred tax asset amounting to Rs. 228.89 million has not been recognised in these financial statements. A deferred tax asset is recognised only to the extent that it is probable that sufficient future taxable profits will be available in the short term against which the asset can be utilised.

Liquidity risk management

Liquidity risk is the risk that the Bank will not be able to raise funds to meet its commitments. At present the Bank is not exposed to this risk as there is sufficient cash placed with various commercial banks at the year end.

Interest rate risk management

Interest rate risk is the risk that the value of financial instrument will fluctuate due to changes in the market interest rates. The nature of Bank's business exposes its to interest rate risk. This is mitigated to a large extent by the fact that a vast majority of the loans given by the Bank have a contractual maturity of 12 months and an average life of about 7 months. The Bank has contracted term deposits and borrowings. This has the effect of extending the liability maturity profile and providing funding stability.

KPMGTH

Credit risk management

Credit risk is the risk that if one party to a financial instrument fails to discharge an obligation, it will cause the other party to incur financial loss. The Bank has drawn a comprehensive credit risk policy and has had this implemented. A credit risk department has been formed to ensure that policies are followed in letter and spirit. Furthermore, an extensive process of quality control and evaluation of the existing loan portfolio is conducted to ensure proactive management.

Fair value measurements

The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair value. Fair value is determined on the basis of objective evidence at each balance sheet date.

36.1 The Bank takes on exposure to effects of fluctuations in the prevailing foreign currency exchange rates on its financial position and cash flows. The table above summarises the Bank's exposure to foreign currency exchange rate at 31 December 2009. Included in the table are the Bank's assets and liabilities at carrying amounts, categorized by currency. The Bank has entered into cross currency swap arrangement for loan obtained from International Finance Corporation (IFC) to secure this position against the currency fluctuation.

37. FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair value of the financial assets and financial liabilities are not significantly different from their carrying values since these are short term in nature.

38. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The Bank makes estimates and assumptions, that affect the reported amounts of assets and liabilities within the next financial year. Critical accounting estimates and judgements are as follows:

38.1 Useful life and residual value of property and equipments

The Bank estimates the useful life and the residual value of the property and equipments so as to systematically allocate the depreciable amount of property and equipment over the useful life of an asset.

KPMGTH

During the year, the management revised its estimate of the residual value of owned vehicles and leased vehicles. The management is of the view that the revised estimate of residual value will better reflect the inflow of economic benefits associated with the above mentioned assets. The effect of the said change has been reflected in note 12.2.3 to these financial statements.

38.2 Deferred tax

In recognising deferred tax asset the management has carried out detailed review of projections of taxable profits for foreseeable future based on information considered to be most reliable in the circumstances.

38.3 Provision for gratuity

The Bank has carried out actuarial valuation as at 31 December 2009 and has recognised a charge in the profit and loss account on an actuarial valuation basis. The actuarial assumptions are disclosed in note 18.

38.4 Provision against loans and advances

The Bank reviews its loan portfolio to assess amount of non-performing loans and advances and provision required there against on a regular basis. While assessing this requirement various factors including the delinquency in the accounts, financial position of the borrowers and the requirements of the Prudential Regulations are considered.

The amount of provision is determined in accordance with the requirements of Prudential Regulations as explained in note 11.2.

39. CAPITAL MANAGEMENT

39.1 The Bank's objectives when managing its capital are:

- a) To comply with the capital requirements set by the State Bank of Pakistan;
- b) To safeguard the Bank's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders; and
- c) To maintain a strong capital base to support the development of its business.

The State Bank has prescribed a minimum paid up capital requirement free of losses of Rs. 500 million for all banks to be achieved by 31 December, 2008. The required minimum Capital Adequacy Ratio (CAR), on stand alone basis will remain at 15% of the risk weighted assets. As at 31 December 2009 the Bank meets its capital requirements.

The Bank's regulatory capital consists of tier 1 capital: share capital, retained earnings and reserves created by appropriations of retained earnings.

The Bank will continue to maintain the required regulatory capital either through its risk management strategies or by increasing the capital in line with the business and capital needs.

40. **DATE OF AUTHORISATION FOR ISSUE**

These financial statements were authorised for issue by the Board of Directors of the Bank on
25 FEB 2010.
